Justin's MAMA DRAMA

EMBARRASSED BY HIS WILD WAYS, THE SINGER REVEALS HE CAN'T EVEN FACE HIS OWN MOTHER.

THE last few years have seemed like a blur of bad boy antics for pop superstar **Justin Bieber**. He made headlines for drinking and drugging, vandalizing private property and drag racing — he even spent a night in jail for driving under the influence.

Yet while Justin, 21, appeared to be reveling in the high life, the singer says he felt so mortified by his own behavior that he chose to break ties with his mother, Pattie Mallette, rather than face her disapproval. “I was distant because I was ashamed,” he admitted to *Billboard* magazine. “I never wanted my mom to be disappointed in me, and I knew she was.”

In an effort to repair his image, Justin has spent much of the last year on an apology tour, and his latest dance-pop single, “Sorry,” seems addressed to his family and fans as much as it does to a woman. (Selena Gomez, perhaps?)

But is Justin the only one who should be apologizing? “Justin may have a bratty history, but Pattie didn’t do much to help,” says a well-placed insider. “When he turned 16, she basically handed him over to [his manager] **Scooter Braun** and Justin’s ex-convict dad, who isn’t exactly father of the year material. Since then, he’s been surrounded by a shady crew, people too afraid of losing their meal ticket to really challenge his judgment. I wouldn’t be surprised if, on some level, Justin has some abandonment issues.”

Despite their rocky history, Justin claims the two have been working on repairing their relationship in recent months. “We spent some time not talking,” he says, “It takes time to rebuild that trust.... It’s hard but getting better.” ★

FAMILY REUNION

After two years of “pretty nonexistent [sic]” communication, Justin recently began talking to his mother, Pattie Mallette (below), again.

**I’M
SORRY,
MOMMY**

Justin’s mom, Pattie, gave birth to him when she was just 17 years old.

KHLOÉ'S NIGHTMARE Lamar's EXTENSIVE BRAIN DAMAGE

HAS HIS DRUG ADDICTION
FINALLY TAKEN AN
IRREPARABLE TOLL?

**KHLOÉ IN
KRISIS!**

Lamar has been receiving round-the-clock care — paid for by Khloé — at Cedars-Sinai Medical Center in L.A.

LAMAR ODOM'S drug-fueled binge at a Nevada brothel left him clinging to life, and now sources can reveal that he's been left with major brain trauma. The former NBA star, who suffered a series of strokes due to an overdose at The Love Ranch on Oct. 13, is confused and struggling to recognize people, and an insider says his brain damage could be permanent.

"Physically, he is stable," details a family insider, "but his mind isn't what it was before. He doesn't remember everything and can only recognize a few people."

Another obstacle on his road to recovery is a more practical one: money. The out-of-work basketball player hasn't exactly been cautious with cash, blowing \$75,000 at the brothel in just a few days, and now his estranged wife, **Khloé Kardashian**, is footing the bill for his lengthy — and expensive — care. "The Kardashians have enough money to pay, and they want him to have the best possible care, so they'll pony up the money," explains the source. "But without insurance, it's likely to be millions of dollars."

Despite the price tag, Khloé had hoped Lamar would be well enough

to leave Cedars-Sinai Medical Center within the next two weeks and move in with her, but given his weak mental state, it's looking unlikely. "She wants Lamar to leave the hospital and come to her house, where she can organize rehab and medical care for him," says the insider. "She's not saying she wants to get back with him, but she sees him as a sick guy who needs help, and she's dedicated to that."

But she may not be able to love him back to the man he used to be. "Doctors still don't know the extent of the damage," explains the insider, "and his confusion is only getting worse." ★

CAITLYN KUTS KARDASHIANS FROM WILL!

The Kardashian family has publicly supported **Caitlyn Jenner's** transition, but the ex-athlete is repaying their compassion by cutting them out of her will! "Caitlyn's only got a limited amount of money to spread around her family, and the Kardashians are rich enough already," explains an insider. "Caitlyn has four other kids besides **Kendall** and **Kylie**, and none of them is as successful as the Kardashians. Why should she give her money to people who aren't blood relatives?"

But **Kim**, **Kourtney**, **Khloé** and **Rob** feel hurt that Caitlyn is turning her back on the kids she claimed to love like her own. "It's made them feel unworthy and lied to," admits the Kardashian insider. "It wasn't Caitlyn's goal for this to hurt them — but it did." ★

NICOLE SCHERZINGER NO TREAT ON HALLOWEEN!

Halloween revelers at Uncle Paul's Pizza in New York City got a fright when a boozed-up **Nicole Scherzinger** stormed in with a rowdy entourage...and a very bad attitude.

"My boyfriend and I stopped in around 3:30 a.m., and in walks Nicole in her zombie-cat costume, or whatever it was supposed to be. She starts screaming at employees, 'Wine, I need wine, give me wine!'" reports a horrified witness. "Then she screeches, 'If my pizza isn't cooked gooey, I'm going to be so mad I'll kill myself.' She was so loud and obnoxious."

Nicole and her crew stayed for two chaotic hours and made a huge mess at the table — but neglected to leave a tip. Pretty wicked! ★

George Clooney may be one of the biggest stars in the world, but his Halloween party was a Who's Who of the D-list! A friend dishes to *Star* that the actor wanted his Casamigos Tequila bash in L.A. to be a hit, so he "invited anybody and everybody, but his wife, **Amal**, barely knew anyone — it was full of nobodies."

And the people she did recognize, like **Paris Hilton** and **Charlotte McKinney**, weren't up to her A-list standards. "She had wanted a classier, smaller party with a more exclusive guest list, but George nixed that idea right away — he thought it would be boring," details a friend. "Amal's just never understood the concept of supersexy Halloween costumes and thinks it's embarrassing that George would want to be around half-naked nobodies." Sorry, Amal, he's married, not blind! ★

JAX
TAYLOR:

DRUGS MADE ME A THIEF!

There are a lot of amazing souvenirs to bring back from Hawaii, but a mug shot isn't one of them. *Vanderpump Rules* hottie **Jax Taylor** did just that after being arrested on July 17 for felony theft of a \$300 pair of sunglasses. Now the Bravo reality star is fessing up and acknowledging his mistake. "I intended to pay for them; I just forgot," Jax exclusively explains to *Star*, admitting that it was more than a bad memory that led to the theft. "I was on a lot of things I shouldn't have been... alcohol was just one of them. The lesson learned is you shouldn't steal. You'll see it all on our show this season." But one thing we won't see much of, at least not in real life, is Jax tending bar at **Lisa Vanderpump's** eatery Sur. "I work maybe once a month at the restaurant," he revealed. "Bravo is starting to pay us well." Well enough to afford a pair of sunglasses? ★

JWOWW PARTYING WHILE PREGNANT

You can take the girl out of Jersey... **Jenni "JWoww" Farley** built her career on being a party animal, so why would she let a little thing like a pregnancy get in the way of a good time? On Sept. 3, the *Jersey Shore* star hosted a bikini competition in St. Louis, where a spy says JWOWW was drinking despite having a baby on the way! "I personally filled her cup with alcohol and know she was drinking," says a partygoer. "I'm not sure she knew she was pregnant, but she wasn't acting like it. It was suspicious that Jenni wouldn't get into a bikini despite it being a swimsuit competition, instead staying in a baggy tee. She also told the party promoters to make sure they had a bottle of Patrón at her table." JWOWW, who already has a daughter, Meilani, and wed baby daddy **Roger Mathews** on Oct. 18, admitted to *Star* that she had "one drink" that night but insisted that she would never do anything to harm her son and spent the rest of the night drinking water. Let's hope that was last call, JWOWW! ★

GWEN

Selling Goop?

Gwyneth Paltrow is giving up her baby, but Apple and Moses can rest easy. The actress is in talks to sell her lifestyle brand Goop for eight figures! "She's had a great time building Goop, but it's time to pass the torch," says a source close to the actress, who began the high-end website in 2008 as a weekly newsletter highlighting her favorite luxuries. The site now has 40 employees.

"It's a big sacrifice for her, so she'd only sell for a good price — \$15 million to \$20 million," adds the spy. But Gwyn may be partly motivated by jealousy: *New Girl* star **Zoey Deschanel** recently sold her lifestyle brand, HelloGiggles, to Time Inc. for \$30 million. And despite posting a loss of more than \$1 million last year, Gwen is keen to align herself with a huge company too. But, adds the insider, the 43-year-old mom of two may have trouble turning over the reins: "She's watched her project grow and feels really attached to it, like a proud mama." ★

ARMIE HAMMERED AT BOOZY BRUNCH!

Armie Hammer was doing a little wishful drinking recently at L.A. eatery Sugarfish, where *Star*'s spy caught him looking "bloated and sad" during a booze-soaked weekday lunch. "He was drinking shots and had numerous beers," recalls a witness. "Then he had a parking ticket validated, which was concerning, because hopefully he wasn't driving!" The married father of one may have been drowning his sorrows over his string of career lows. His last two flicks, *The Lone Ranger* and *The Man From U.N.C.L.E.*, were critical and box-office flops. "It was surprising to see him looking like that, because he's normally so buff and happy," says the source. "I had to do a double take to even make sure it was him!" ★

"Halle went ballistic when she heard that David and Eric spoke out against her," says a source.

Halle Berry's

MONSTER'S BALL!

The Oscar winner's estranged exes band together to reveal the truth about why each of their relationships ended in ruin.

YOU reap what you sow. And **Halle Berry** has sown quite a few bitter seeds over the course of her love life. For years, her exes have kept quiet as the actress, 49, painted a painful picture of enduring heartbreak at the hands of an abuser, a sex addict, a leech and a hothead. But on Nov. 3, Halle's first husband, **David Justice**, took to Twitter to claim just how far the Oscar winner will go to ruin the reputations of the men who leave her.

After filing for divorce from **Olivier Martinez** in October, Halle's romantic history was recited in the media with a mention of a beating — reportedly given by David — that resulted in

the actress losing 80 percent of her hearing in her left ear. While Halle never claimed that David was abusive during their four-year marriage, the rumor persisted for decades without a denial. And in a series of tweets, some of which have been deleted, the former Major League Baseball player, 49, explains why the Oscar winner never cleared his name: revenge.

"She was mad at me [for] leaving so she and her [team tried] to destroy my character. Me, **Eric [Benét]**, **Gabriel [Aubry]** and Olivier were all her 'Knight In Shining Armor,' until it ends," David wrote. "Then we all become the worst guys in history. Only the guys in the relationship with Halle know the real

deal. Just wait, Olivier. It's coming!"

Halle's name-checked exes have since publicly (and privately) offered David their support. "My man is tweeting some truth dis' mornin'!" second ex-husband Eric, 49, wrote on Twitter. A source tells *Star* ex-boyfriend Gabriel, 40, "is happy the world now knows what a nightmare Halle is for all of the men she's been with." Olivier, on the other hand, is biting his tongue until the papers are signed. "He's still going through the divorce and wants to remain amicable because you never know if Halle will take it out on him," explains an insider close to the actor, 49. "But the truth is, he's happy to be free of her." ★

Jake & Taylor's SECRET PHONE CALLS

IN HIS
WILDEST
DREAMS!

NO more bad blood here! According to sources, **Taylor Swift** and **Jake Gyllenhaal** are back on speaking terms after the actor called to make amends. "In June, Jake ran into **Cara [Delevingne]** at *The Graham Norton Show* and asked for Taylor's new number," an insider tells *Star*. "He said he owed Taylor an apology for how things ended between them." Jake, 34, reportedly dumped the singer, 25, over the phone right before New Year's back in 2010. "Taylor really

appreciated that Jake reached out after all these years," says the source. "They've kept in touch, albeit secretly, ever since." Jake even hinted he wanted a second shot, but pals say Taylor played hard to get — that is, until now. After *Star* exposed **Calvin Harris'** penchant for seedy massage parlors, Jake is said to be looking more attractive to the "Shake It Off" pop star. So much for never, ever getting back together! ★

In 2010, Jake brought Taylor to his family Thanksgiving dinner in Brooklyn.

Jessica To Justin:
**QUIT YOUR
SNORING!**

As a new mom, **Jessica Biel** didn't expect to get much sleep. However, sources tell *Star* it's actually **Justin Timberlake's** loud snoring keeping the actress, 33, up at night. "Justin sounds like a foghorn. Jessica loves him, but it's really getting to be too much for her," says an insider. While the "SexyBack" singer, 34, has tried all the home remedies and over-the-counter tricks, nothing seems to be working. As one pal put it: "It's gotten so bad that Jessica will tiptoe off to sleep in another room." Bye, bye, bye! ★

Xtina's expecting! Two months after *Star* revealed **Christina Aguilera** and fiancé **Matthew Rutler** were trying for another baby, a source claims the "Beautiful" singer, 34, is pregnant with her third child. Although the couple have kept the news quiet, Christina's baby bump caught the attention of shoppers on Oct. 28 at Barneys New York in Beverly Hills. "She tried to hide her bump under an oversize sweatshirt, but you couldn't miss it," spills the spy. And sources on the set of *The Voice* say the staff is struggling to keep up with Christina's cravings. "Her assistants are running out at all times of the day," reveals an insider. "She's asking for everything from Chinese food to tacos and burritos." Hey, it's what a pregnant girl wants. ★

MODERN LOVE

It sounds like **Sofia Vergara** might not be the only *Modern Family* star planning a winter wedding. According to sources, **Ariel Winter** wants to celebrate turning 18 by walking down the aisle with her boyfriend of two years, **Laurent Claude Gaudette**. (A rep for the actress denies *Star*'s story.) "They've been discussing it for months, and she's already calling him The One," says a source close to the actress, who was recently spotted wearing a promise ring. "Nobody would be surprised if they swapped it for an engagement ring and eloped come January." And while Ariel is legally emancipated from her parents, that hasn't stopped her TV mom, **Julie Bowen**, from trying to talk the actress out of tying the knot too soon. "They're young and in love," says the source. "Julie gets it, but she asked Ariel not to do anything rash." ★

Gigi DUMPS JOE

Retreat, retreat! After five months of dating, **Gigi Hadid** and **Joe Jonas** — whom fans dubbed G.I. Joe — have admitted defeat. "She felt like all her energy was spent trying to boost Joe's ego and it was exhausting," says a source close to the newest Victoria's Secret supermodel, 20. "Gigi is focused on building her career right now and the last thing she needs is an unsupportive boyfriend who's threatened by her success. Why do you think she dumped **Cody Simpson**?" Feeling ignored and overshadowed by his girlfriend's growing fame, insiders say the former boy bander, 26, started acting out after his latest attempt at a comeback with his new band, DNCE, failed to cause a frenzy. (As *Star* reported in September, Joe was caught sweet-talking Swedish singer **Tove Lo** at the iHeartRadio Music Festival in Las Vegas.) "Gigi didn't want to waste any more of her time dealing with his childish behavior," says the pal. "And she cut him loose." ★

Bella CHEATS ON THE WEEKND

She's the beauty behind the madness. **Bella Hadid** and **Abel "The Weeknd" Tesfaye** have only just confirmed their relationship, but sources say the 19-year-old model is already cheating on the Canadian singer. "Before Bella and Abel got together, she was sleeping with **Matthew Morton**," an insider tells *Star*. "And they never stopped." According to a pal, Bella was in New York City a few weeks ago when she called up her former fling for a late-night rendezvous. "Abel's a great guy," explains the source. "Nobody understands why she would want to ruin a good thing, but she has no shame in her game." On the bright side, The Weeknd, 25, will have plenty of heartbreak to work with when it comes time to record his next album. ★

Brad & Angelina

INSIDE THEIR

BIZARRE WORLD

THEIR KIDS DON'T GO TO SCHOOL — BUT THEY DO GO TO THERAPY! A FORMER NANNY DISHES ABOUT THE FREE-FOR-ALL LIFESTYLE OF THE JET-SETTING JOLIE-PITT CLAN.

TAKE one extraordinarily good-looking Hollywood power couple, add in six ethnically diverse children and a lifestyle of constant globe-trotting, through both war-torn regions and idyllic locales, and you'll get an incomprehensibly odd family existence. No one else on earth — not even the royals — lives like **Brad Pitt** and **Angelina Jolie**'s unconventional clan.

Now three former nannies who worked for the Jolie-Pitts is filling *Star* in on the startling details of their mysterious universe — a rarefied world of security guards and nannies and nothing that other kids have: no friends, no school, no rules.

ANYTHING GOES

While Brad and Angelina themselves have enjoyed wondrous experiences few could imagine, their children — Maddox, 14, Pax, 11, Zahara, 10, Shiloh, 9, and 7-year-old twins Knox and Vivienne — may have

the most unique lives of all. “Brad and Angie are very unconventional parents, to say the least,” one nanny says. “It’s like they’re living in a hippie commune most of the time, because Angie doesn’t believe in rules. She thinks it’s important for children to have freedom of expression, but that doesn’t always work out well.”

Perhaps the most clear-cut example of Angelina’s “anything goes” parenting ▶

***“They
may seem
lucky, but
their life isn’t
always easy!”***

— a nanny tells *Star*

Glamorous Gypsies

A former nanny describes the Jolie-Pitt clan — clockwise from top right: Brad, Maddox, Knox, Shiloh, Zahara, Vivienne, Pax and Angelina — as “a traveling gypsy camp, if the gypsies were gorgeous multi-millionaires.” When they visit London, Brad and Angie often book the entire top floor of The Dorchester hotel (left) for the family and all their staff.

NO NEIGHBORS, BUT LOTS TO DO!

They keep expanding their family compound in Los Feliz, Calif.

IT'S A SKATE PARK!

THEIR OWN CASTLE!

Chateau Miraval, their secluded French estate, has its own vineyard.

Although the Jolie-Pitts also own homes in Santa Barbara, New Orleans and Cambodia, their main residences are a sprawling compound in the Los Feliz section of Los Angeles and a massive estate — actually a castle! — in the south of France. Both properties are supremely private: Brad spent years buying up all the real estate surrounding the Los Feliz house, and Chateau Miraval, in France, has no neighbors at all. Still, Brad makes sure the kids have plenty of fun: “He lets them build amazing treehouses on all their properties,” the nanny notes. And the L.A. house features multiple pools and even a full skate park!

style is the fact that the children don’t go to traditional school. They used to attend the Lycée Français — a French-language school with campuses all over the world, so students can continue their lessons while traveling — but they eventually dropped out. Now, the kids are homeschooled by a team of international teachers — though Angelina refuses to impose any structure on their studies, according to one of the nannies. “She lets the kids learn what they want and ignore the stuff that doesn’t interest them,” the source dishes. “And they don’t take tests or do homework.”

Ultimately, the free-for-all education method works for the family, because Brad and Angelina believe that exposing the children to different cultures — and introducing them to world leaders — is more important than academics. “Let’s face it, none of those kids will ever be going after low-level jobs, so it’s not like they need a formal education the way other kids would,” the nanny notes.

Even access to the Internet is largely unrestricted in the Jolie-Pitt household. “The kids are allowed to browse the Net as much as they like, and the older ones

use social media, though their security team monitors it for their own safety,” the source reveals. “They’ve even seen some of their parents’ R-rated movies, like *Fight Club* and *Inglourious Basterds* — and *Mr. & Mrs. Smith*! It was weird for them to see their parents acting sexy onscreen in that, but they loved it.”

Unsurprisingly, given Angelina’s insistence on giving the kids ample freedom, they have no set bedtime either. “They’re allowed to stay up until they can’t keep their eyes open anymore,” the source adds. “Angie even lets them snuggle in bed with her and watch movies until very late.”

ANGELINA’S MINI-ME

In her recent *Vogue* interview, Angie gushed about daughter Shiloh’s passion for helping others. Recalling their trip to a Syrian refugee camp in Lebanon in April, Angelina said: “[Watching her,] I was flashing on myself 15 years ago and thinking, ‘I know that moment.’”

Indeed, Angie seems to share a special connection with her eldest biological child. “Shiloh worships her mother and tries to emulate her,” the nanny says. “She’s definitely Angie’s favorite.” She also shares her mom’s compassion for others. “Shiloh wrote a heartbreaking letter to Brad about everything she witnessed at the refugee camp,” the insider adds. “Both Brad and Angie think she’ll follow in their humanitarian footsteps.”

HELPING REFUGEES... LIKE MOM DOES!

UNEXPECTED RITUALS

If Angie is the anything-goes parent, Brad tries to inject their family life with a degree of stability. “He is always first out of bed in the morning and likes to make breakfast for everyone,” the source reveals. “The kids get up next, and Angie much later, because she is a night owl. So Brad is on daddy duty most mornings.” And while

Hidden Helpers

Though nannies accompany the family everywhere, they're rarely seen in photos. "When paparazzi are around, Brad and Angie tell the nannies to stay out of the shot," the source says. "They like to appear more hands-on than they are."

the kids may not go to school, they do go to church! "Brad and Angie have tried to introduce them to various world religions, so the kids would be free to believe whatever they wanted to," the nanny reveals. "They really seem to enjoy church. They respond well to the calm and the ritual of it, which makes sense considering how chaotic their day-to-day lives are."

They've also been attending therapy sessions. "Angie and Brad put all their kids in therapy early on as a preemptive measure, to make sure everyone is healthy emotionally, as well as physically," a nanny reveals. "The family is so open, and

WHAT HAPPENED TO BRAD'S FACE?

When Brad and Angelina hit the red carpet for a special screening of their new film, *By the Sea*, in New York City on Nov. 3, startled fans noticed something was amiss: Brad's face looked suspiciously smooth — taut almost — leading them to wonder if the 51-year-old superstar had had work done. *Star* consulted Michigan-based plastic surgeon Dr. Anthony Youn to get his opinion. "Brad looks transformed! His face appears so much smoother and younger than it did last year," Dr. Youn said. "I suspect he's had injections of Botox to smooth his crow's feet, injections of a filler like Juvéderm to smooth the smile lines around his nose and mouth, and a chemical peel to create such fine-line-free skin." Apparently, even one of Hollywood's most handsome men needs help maintaining his looks!

the kids come to their parents with every little issue, but Angie thinks it's best to have a safety net there just in case. They may seem like the luckiest kids in the world, but their life isn't always easy."

GROWING UP IN A BUBBLE

Part of what makes their life difficult is their lack of close friends. Unable to meet anyone at school and regularly traveling,

the kids are stuck in their own little bubble most of the time. "Because they live such bizarre lives, they are a very tight-knit clan," the insider says. "They don't have sleepovers with other kids — but they have each other!"

Even when Brad or Angelina goes away, to shoot a film or meet with refugees, they often take one of the kids with them. When they all do travel together, however, they do it in style. "They've been known to spend upwards of \$2 million on long, lavish vacations," the source reveals. "But even in five-star hotels, the kids are running riot at all hours of the day and night. It's exhausting for the nannies to keep up!"

Sometimes even Brad and Angelina struggle to control their brood. "When the kids are being too boisterous, Brad totally switches off and puts his hands over his ears," the nanny says. "And Angie is not as patient as she seems. She frequently loses her temper with them, which is when the nannies step in and whisk them away."

Indeed, raising six children is no small feat — even with unlimited resources. "Those kids are growing up like no one else," the source adds. "It will be interesting to see what they're like when they're adults." ★

Hands-On Learning

In October, Angelina took the family to Cambodia to help with preproduction on her new movie, about the country's horrific Khmer Rouge years. Her sons Maddox — who was born in Cambodia — and Pax will help their writer-director mom research and shoot the film.

Wake-Up Call

"Jimmy's out-of-control partying is finally catching up to him," says an insider. "If he doesn't straighten out, and fast, I'm afraid that rehab would be a real possibility."

JIMMY FALLON gets a ton of press as host of the top-rated late-night talker, *The Tonight Show*. But recently, a local New York City daily newspaper gave Jimmy the type of coverage that he was likely less than thrilled to receive: a two-page exposé

of what the paper claimed was his years of drunken bar crawls and wild partying. Ironically, just days before the feature came out, Jimmy was spotted being dropped off by his driver at the Gramercy Park Hotel, where he spent the next few hours inside its exclusive Rose Bar. The very next night, according to a source, Jimmy, 41, returned to the hotel — and this time, he had his luggage with him.

It seems that his wife of nearly eight years, film producer **Nancy Juvonen**, 48, has had all she can take. "She's reached the end of her rope with Jimmy — she finally had to draw a line in the sand, so she told him to move out until he gets his act together," reveals an insider. "She's dealt with years of embarrassment and public humiliation, and she's always had to apologize for him."

HIS WIFE MAKES HER "MOVE"

"Nancy kicked him out because there was nothing left to say or do," divulges an insider, in the wake of Jimmy being spotted recently with his luggage as he arrived at the Gramercy Park Hotel (right), near the couple's apartment. "And it's not just his partying. She's had to deal with rumors about his wandering eye through the years, on top of having to make sure that his behavior doesn't have a bad effect on their two young daughters [Winnie, 2, at left, and Frances, 11 months]."

Jimmy Fallon DOUT!

MULTIPLE VICES?

Unfortunately, booze may not be the only demon Jimmy has been struggling with. "He did cocaine pretty regularly during the years he was a cast member on *Saturday Night Live*," says a source, who fears that Jimmy has gone back to the destructive habit out of "sheer exhaustion" from running his hit talk show — and the pressure of earning his \$12 million-per-year salary.

It seems there's been no shortage of Jimmy's wild ways through the years. He was spotted "happily wasted" while playing beer pong at a dive bar until 5 a.m. in 2009; was reportedly involved in a drunken brawl at a NYC watering hole in 2014; and was spotted looking "inebriated" and literally crawling on top of the bar at a West Village lounge while singing along to a **Katy Perry** song this past January. "He's a mess," reveals an insider. "Everything you've heard about his behavior is true." Even one of his former *SNL* castmates, **Horatio Sanz**, described Jimmy as a "superfunctioning

alcoholic" in the years when they were on the show.

GETTING TRIPPED UP

Since early this summer, Jimmy has been involved in three mishaps resulting in physical injuries to his hands and teeth (see sidebar, right) — which he's explained away as "accidents." Now it isn't just his friends who are concerned about what Jimmy calls his "wildly unlucky" streak: Another source claims that on Nov. 3, NBC executives "had several very frank and honest conversations" during a series of crisis meetings concerning Jimmy and his behavior.

"Jimmy just can't keep going the way he is without throwing it all away," continues the insider. "Nancy is genuinely afraid Jimmy will destroy the career both of them have sacrificed so much for. She's hoping that kicking him out of their home will make him realize how serious this is and what's at stake — professionally and personally." ★

No Doubt

"He's hot!" Gwen said about Blake, way before they went public as a couple. "And now that they're together," says an insider, "she's ready to help him realize his dream of having a son."

**BLAKE
& GWEN**

Having A Baby!

IT'S OFFICIAL! ROCK AND COUNTRY ROYALTY GWEN STEFANI AND BLAKE SHELTON COME OUT AS A COUPLE — AND THEY'RE ALREADY WORKING HARD AT HAVING A CHILD.

HOT HALLOWEEN:

OCT. 30

SPECULATION had been sizzling for months about **Gwen Stefani** and **Blake Shelton**. Ever since splitting from their respective spouses, rocker **Gavin Rossdale** and country queen **Miranda**

Lambert, the *Voice* coaches had been rumored to be making beautiful music together behind the scenes. And on Nov. 4, reps came clean and confirmed that Gwen and Blake had recently started dating. Yet *Star* has learned that their romance is quite a bit further along than that: According to a source, Gwen has been trying to get pregnant with Blake since September — and they may have already succeeded!

“It was the worst-kept secret on the music scene that Blake and Gwen were together,” the source says. “Now the buzz is that Gwen could be pregnant, and they’re both ecstatic about it.” Miranda, not surprisingly, doesn’t share their enthusiasm — in fact, claims an insider (see box, right), she’s downright steamed!

FINALLY A FATHER-TO-BE

According to the source, mom of three Gwen decided to get some medical advice recently after signs suggested she may already have a bun in the oven. “In October, she had an appointment with a prenatal doctor,” the source reveals, pointing out that at 46, Gwen can’t be too careful. “She’s changed her eating habits, lightened up her schedule and is generally trying to live more healthfully.”

As for Blake, 39, who friends say was eager to start a family during his five-year marriage to Miranda, he’s thrilled about becoming a dad at long last. “You just

know that country boy is hoping for a son he can go hunting and fishing with!” an insider tells *Star*. “If he’d had his way, he and Miranda would have started making babies as soon as they got married.”

Blake and Gwen certainly couldn’t mask their joy over the Halloween weekend as they hopped from one star-studded party to the next (see box, below), even though their relationship wasn’t officially out in the open. Then Gwen hired a private jet to fly to Nashville with Blake for the Nov. 4 Country Music Awards. Yet once their coupledness went public, on the very day of the CMAs, “they agreed not to make a big fuss or steal any thunder from

THEIR EXES ARE VEXED

Neither Miranda Lambert nor Gavin Rossdale appears to be too pleased to learn that their exes, Blake Shelton and Gwen Stefani, are now a couple. Though Miranda was all smiles as she accepted her Female Vocalist of the Year award at the Nov. 4 CMAs (left), a source says that behind the scenes, “she’s seething over the fact that Blake has taken up with someone he’s been working beside for the past two years. I think Miranda believes Gwen stole her man!” As for

Gavin — seen here with his and Gwen’s sons (from left) Kingston, 9, Apollo, 18 months, and Zuma, 7 — he’s reportedly furious over the speed with which his ex has moved on.

Miranda, who was going to be very high-profile at the event,” the insider adds. “So Blake walked the red carpet solo, Gwen wasn’t in the audience and they tried to lie low.” They nearly succeeded — until they were spotted holding hands and looking like lovestruck teenagers as they arrived at one awards-night party.

ARE THEY RUSHING IT?

Both Blake and Gwen had reached a low point this past summer while their marriages crumbled. As *Star* reported, Miranda, 31, had been unfaithful with five different men — and the last straw for Gwen’s 13-year marriage came when she reportedly caught Gavin, 50, cheating with their nanny. So it seems fated that Blake and Gwen, friends and costars for years, would fall into each other’s arms. But with a baby possibly on the way, the question is: Is it too much, too soon?

“Some skeptics were initially calling it a rebound romance,” says the insider. “But with the buzz about their having a baby, it seems to me their feelings are genuine.” And with Blake and Gwen reportedly enjoying down time together at his Oklahoma ranch after the awards (they’ve also reportedly collaborated on a country song together), things are looking pretty serious. “I wouldn’t be surprised if they announced their engagement soon and had a quickie wedding afterwards,” the insider adds, “even if just for propriety’s sake, in case a baby does come along.” ★

THEIR COSTUMED CANOODLING IN L.A.

Gwen and Blake were still “just friends” on Halloween, but that didn’t stop them from packing on the PDA. At Jared Leto’s soiree on Halloween Eve (left), they arrived separately but left together. The next night, at a bash hosted by Adam Levine, a bewigged Blake held Gwen tight.

Is Jessica Alba

CASH

A friendly brunch in Beverly Hills turned nasty for Jessica Alba and husband Cash Warren a few weeks ago. According to an eyewitness at Nate 'n Al restaurant, the couple were dining with a group of pals when Cash dropped a bomb. "He told the table that he felt like a 'kept man' and stay-at-home dad," the eyewitness tells *Star*. "To which Jessica unapologetically snapped: 'I'm sorry that I've done the right things with my money and you haven't.'"

That pointed comment instantly derailed the brunch and had onlookers whispering about the state of the couple's marriage. "It was clear the subject was touchy," the eyewitness says. "Jessica appeared to be at the end of her rope."

Although their reps deny it, sources close to the duo report that Jessica and Cash have been fighting nonstop lately — mostly about money. And now things have gotten so bad, friends fear they may soon pull the plug on their seven-year marriage.

THE BUCK STOPS HERE

When they first met, in 2004, Cash was a charming Ivy League grad working in film production. But his ambitions seemed to evaporate after they got married. Since 2010, he has produced only one film and one TV episode — and that's it. Jessica, meanwhile, has shot almost 20 movies in that time, written a book and amassed a \$350 million fortune

Going It Alone

With two successful careers and two young daughters (Haven, near left, and Honor), Jessica has little time left for Cash. "He's really taken a backseat to her, and it's affecting his self-worth," says a source. "If they can't resolve this somehow, they could end up divorced."

MOM'S
IN CHARGE!

ACTRESS, MOGUL, MOM — JESSICA ALBA DOES IT ALL. BUT HER SKYROCKETING INCOME MAY BE DESTROYING HER MARRIAGE TO CASH WARREN.

ING OUT?

from her eco-friendly family-products brand, the Honest Company. And the 34-year-old plays supermom to the couple's daughters, Honor, 7, and Haven, 4, too.

"Jessica feels like she's doing everything, and it's completely draining," the family source reports. "Cash is a great dad, but she can't help but wonder when he's going to kick-start his career again. She's so driven, she doesn't understand how he can be content relying on her dime."

In fact, friends say he *isn't* content. "Cash used to be a total stud; he had this magnetic energy. But at this point, he's a shell of the man he once was: He's

simply known as Jessica Alba's husband, which is taxing to his ego," the insider says. "It doesn't help that she constantly reminds him how much more money she brings in than him."

Feeling like his wife is judging his work ethic has sent Cash, 36, into a downward spiral. "He's panicking because Jessica seems to be able to do it all — without him," the source adds. "She makes so much money, he can't help but feel like he's not good enough."

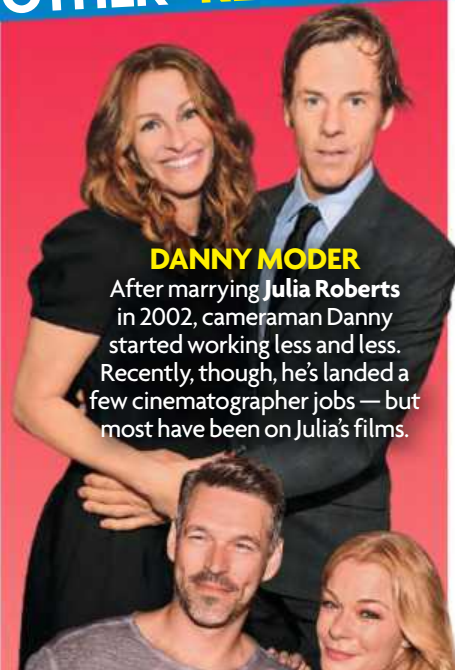

WHAT'S NEXT?

Realizing their marriage is in trouble, Cash and Jessica turned to couples therapy, according to the source — but it didn't seem to help. "Things have gotten so bad at home, Jessica has even secretly met with an attorney, because she wants to make sure her money is safe if she and Cash can't make it work," the source explains. "It's sad that things have come to this...but she's a businesswoman, and that's the first place her mind went."

The fact that her mind turns to numbers before her husband's well-being may be part of the problem. "Cash always complains that, even when she's at home, the business cogs are turning, and she's not really present," the insider says. "It's not good for their family."

Despite their frosty relationship, though, the couple are putting on a united front in public, until they can figure out their next move. They were spotted out celebrating Halloween together (though neither looked particularly happy), and Cash has accompanied Jessica on some business trips lately. But friends say their attempts at togetherness are only making things worse. "Cash can't seem to say anything anymore without her snapping at him and an argument erupting," says a source. "You'd think with that much money, they wouldn't have a care in the world — but it's tearing them apart." ★

After marrying **Julia Roberts** in 2002, cameraman Danny started working less and less. Recently, though, he's landed a few cinematographer jobs — but most have been on Julia's films.

EDDIE CIBRIAN

Once or twice a year, actor Eddie will score a bit part as the hot boyfriend in a B movie or on a TV show, but he largely leaves the breadwinning to his wife, country powerhouse **LeAnn Rimes**.

ERIC JOHNSON

Ex-NFL player Eric was set to start business school in 2010 — until he met future wife **Jessica Simpson**. He gave up his shot at an MBA for the fashion mogul — and hasn't worked since.

WORK WORRIES

Jessica's business was recently valued at a whopping \$1.7 billion — but success breeds pressure. "Cash keeps saying, the bigger the company gets, the more Jessica will have to deal with," says a source. And indeed, the Honest Company was recently sued for allegedly making false claims on its packaging — which means more stress for Jess. "He's begging her to hand over the reins to someone else, so they can work on salvaging their relationship," the pal adds. "But there's no way Jessica will relinquish control of the company she built."

FA

JENNIFER LAWRENCE & AMY SCHUMER

The story goes that Jennifer reached out to red-hot comedian Amy after watching her hit movie *Trainwreck*, and the two became fast friends — you know, like most people — even going on vacation in the Hamptons and posting shots of themselves acting wacky. But we wonder if their upcoming new movie, in which they play sisters, has anything to do with their instant bond?

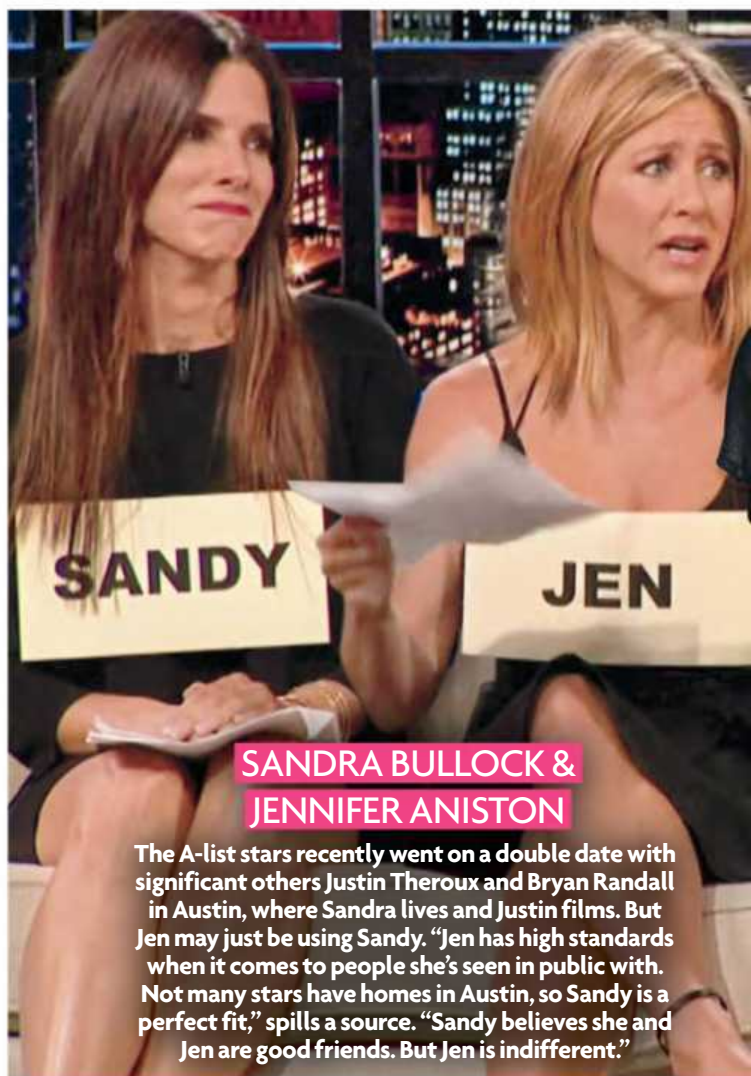

WE JUST MET!

THESE STARS ARE BFFs WHEN PROMOTING THEIR LATEST PROJECTS, BUT ONCE THE JOB IS DONE, THEIR FRIENDSHIPS FIZZLE!

KENDRA WILKINSON & HOLLY MADISON

As two of the *Girls Next Door*, the coparamours of Hugh Hefner had to live, work and love next to each other for five years. But once they left the Playboy Mansion, their faux friendship came to light. Holly even bashed her former housemate in her recent memoir, which Kendra claims is full of “disgusting lies!”

SANDRA BULLOCK & JENNIFER ANISTON

The A-list stars recently went on a double date with significant others Justin Theroux and Bryan Randall in Austin, where Sandra lives and Justin films. But Jen may just be using Sandy. “Jen has high standards when it comes to people she’s seen in public with. Not many stars have homes in Austin, so Sandy is a perfect fit,” spills a source. “Sandy believes she and Jen are good friends. But Jen is indifferent.”

KE FRIENDS

ANNE HATHAWAY & EMILY BLUNT

They met on the set of *The Devil Wears Prada* in 2006, and while their characters were at each other's throats for most of that movie, off set they posed for Instagrams and Anne said she wanted to start a book club with Emily. But they've rarely been spotted together since — the one noticeable exception being an episode of Spike's hit series *Lip Sync Battle* in April.

GWYNETH PALTROW & CHELSEA HANDLER

As long as the comedian's hit talk show *Chelsea Lately* was on the air, Gwyneth was her great friend, but since the show ended the two haven't been seen together. Perhaps Gwyn is still annoyed that Chelsea spilled very intimate details of her BFF's sex life with ex Chris Martin on her former show?

NO,
I LOVE
YOU
MORE!

BRADLEY COOPER & LEONARDO DICAPRIO

These single and sexy stars look like they should be best bros, and they've partied together in the past. But if one of them wins that elusive Oscar they've each been nominated for multiple times, we doubt the other will be thrilled!

FAKE FRIENDS

"OH, YOU'RE ALSO WEARING WHITE?"

MARTHA STEWART & BLAKE LIVELY

The Bedford, N.Y., neighbors are 46 years apart, but they've spent plenty of time together. Blake even spoke at Martha's American Made Summit in 2014. But Blake stepped too hard on Martha's toes with her lifestyle website, Preserve. When that venture failed, Martha's passive-aggressive explanation was, "It's stupid.... Why would you want to be me if you could be an actress?"

SELENA & TAYLOR

In 2014, Taylor and Selena went their separate ways after Selena briefly got back with bad boy Justin Bieber. It soured their longtime friendship — and even though the two recently were all smiles while performing onstage together, there still seems to be bad blood.

BEYONCÉ & KIM KARDASHIAN

Jay Z and Kanye West record and perform together, which means Beyoncé and Kim, like many coworkers' wives, are forced to hang out — but that doesn't mean they like each other. In fact, the only times they've ever been spotted together have been at events with their husbands, and despite getting an invite, Queen Bey didn't bother to show up at Kim's wedding.

LIGHTS, CAMERA, BEST FRIENDS!

EMMA ROBERTS & LEA MICHELE

The *Scream Queens* stars have been inseparable since they started shooting their new hit show, with Lea calling Emma her "best friend" and one of her "favorite people in the world." But Lea has a way of becoming besties with her costars and falling out just as quickly. Just ask Naya Rivera, who's reportedly writing a tell-all slamming her former pal and *Glee* castmate.

**TAYLOR SWIFT &
MIRANDA LAMBERT**

It's an open secret in Nashville that the longtime country music rivals can't stand each other. Miranda thinks Taylor is fake and resents her continued friendship with ex-husband Blake Shelton, while Taylor sees Miranda as a bully. Yet the two were all smiles when they performed together at Taylor's Oct. 21 show in Greensboro, N.C.

CIRCLE OF FRENEMIES

IN THE SMALL WORLD OF
SHOWBIZ, THE ENEMY OF YOUR
ENEMY IS YOUR ENEMY!

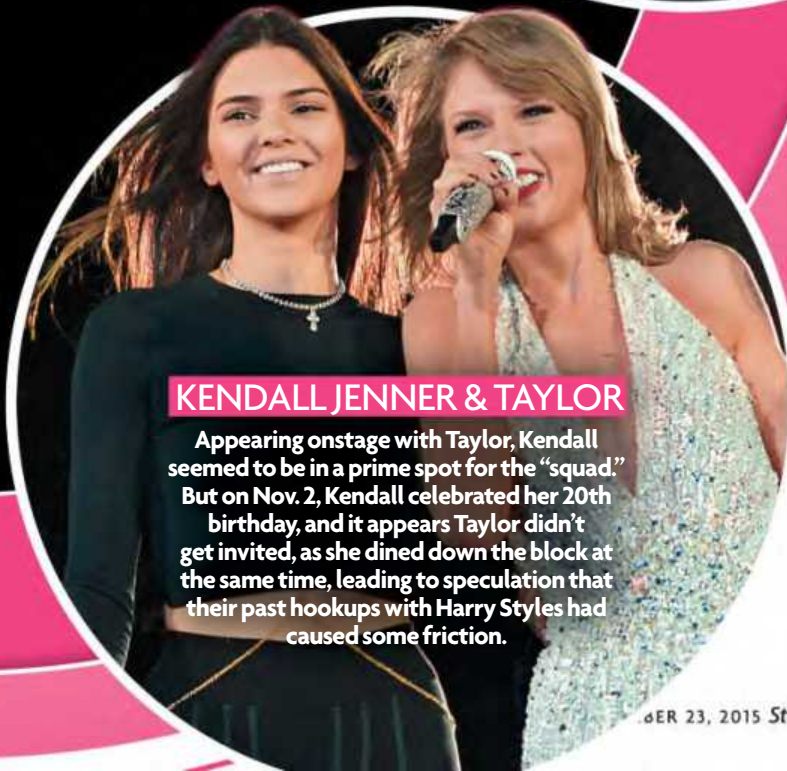

**MIRANDA & CARRIE
UNDERWOOD**

The country music superstars have known each other since 2008, but their personal lives couldn't be any more different. Carrie is a happily married homebody mom, while Miranda's a single party animal who cheated on Carrie's pal Blake. So don't expect any movie nights for the pair anytime soon.

**SELENA GOMEZ &
KENDALL**

The two young stars at least looked chummy while vacationing with a group in Dubai in January, but "Kendall isn't a fan of Selena, and Selena feels the same," says a source, speculating that Kendall's friendship with Justin Bieber is to blame. "They are just fake friends when cameras are around."

KENDALL JENNER & TAYLOR

Appearing onstage with Taylor, Kendall seemed to be in a prime spot for the "squad." But on Nov. 2, Kendall celebrated her 20th birthday, and it appears Taylor didn't get invited, as she dined down the block at the same time, leading to speculation that their past hookups with Harry Styles had caused some friction.

As she bids farewell to the franchise that made her famous, the Oscar-winning beauty is far from finished.

Jennifer Lawrence

LIFE has sure changed for **Jennifer Lawrence** since she first fought for survival in 2012's *The Hunger Games*. She's since won an Oscar, starred in the blockbuster *X-Men* movies and become one of the biggest stars in the world. As she gears up for her final foray as Katniss Everdeen in *The Hunger Games: Mockingjay—Part 2*, the stunning actress, 25, talks about the end of the hit franchise and speaking her mind in Hollywood.

Were you surprised how your comments about pay inequality were received?

I wasn't complaining about not making as much money as my male costars. It was more about how my mentality prevented me from fighting as hard as the men to get a better deal. But one website called it "a bratty display," and I was like, thank you for completely making my point! I don't see a man who speaks out being called a brat.

Do you ever need to escape from the spotlight?

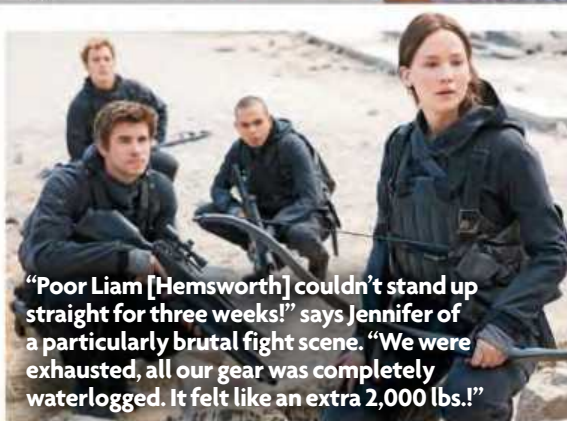

No, if I was someplace quiet, I would lose my mind. I hate waking up without a goal and going to sleep without achieving anything. So I obsessively work.

How was shooting the final scene as Katniss?

I had two final endings, the one when we wrapped the film in Berlin and my work family was there. And then I had a last scene a year later with my nephews, who play my children in a scene—and to have my blood family there it was like this amazing closure to this character I've loved for so many years.

Is it odd being over?

I think it'll be pretty bizarre when the movie's finally out and everything's officially done. These movies have been my life for so many years. I feel the impact of being a part of such a huge movie that does so much for so many people. This character is iconic and so overwhelmingly supportive of women. ★

"Poor Liam [Hemsworth] couldn't stand up straight for three weeks!" says Jennifer of a particularly brutal fight scene. "We were exhausted, all our gear was completely waterlogged. It felt like an extra 2,000 lbs.!"

OUR CAN'T-MISS ENTERTAINMENT PICKS

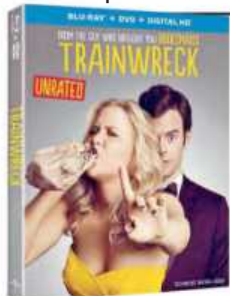

this week!

MOVIE *By the Sea*

1

Angelina Jolie and husband Brad Pitt star in a romantic drama she wrote and directed. It's the 1970s and they're at a Mediterranean beach getaway, trying to avoid the many problems that threaten their marriage. It's long on atmosphere and images drenched in sun and shade, heavy on moody emotional encounters between two people who have to learn to stop hurting each other. At the very least, it seems to be a far cry from their first costarring flick, the fast-paced and action-packed *Mr. & Mrs. Smith*. Nov. 13

BLU-RAY *Trainwreck*

2

Comedian Amy Schumer stars as a brash magazine writer who enjoys drinking and one-night stands a little too much. Enter a nice-guy doctor (Bill Hader), who tries to tame her in this blockbuster comedy that flips the rom-com formula. Look for hilarious performances by basketball legend LeBron James and WWE star John Cena and a barely recognizable Tilda Swinton as Amy's wild boss. Extras include a gag reel and deleted scenes.

TV *The Royals*

The second season of the saucy hit soap that follows a faux British royal family picks up two months after the mysterious assassination of King Simon. Now his brother, Cyrus (Jake Marshall), has taken the crown, with the help of scheming Queen Helena (Elizabeth Hurley) — the two are in cahoots to keep her kids and rightful heirs (William Moseley, Alexandra Park) away from the throne. Sunday, Nov. 15, at 10PM on E!

4

TV *Chicago Med*

This third installment in the Chicago franchise (*Chicago Fire*, *Chicago P.D.*) is a riveting new series about the biggest hospital in the Windy City. Focused on a group of skilled doctors (Oliver Platt, Colin Donnell, S. Epatha Merkerson, Rachel DiPillo), it offers plenty of high-tension drama that's literally a matter of life or death. Tuesday, Nov. 17, at 9PM on NBC

TV *The Real Housewives Of Cheshire*

These Cheshire cats have claws! A group of six wealthy women star in this British version of the hit franchise — including soccer wife Leanne Brown, who has her own fashion line, divorcée Ampika Pickston, who is being courted by rich and famous suitors, and Dawn Ward, whose annual charity ball is the hottest ticket in Northwest England. Saturday, Nov. 14, at 12PM on Bravo

The 33

Stars Antonio Banderas, Juliette Binoche, Lou Diamond Phillips

Story Based on the true story of the 2010 Chilean mining disaster, this drama is a paint-by-numbers affair that tells you what it's going to tell you, tells you, then tells you what it told you. The facts: 33 gold miners were trapped more than 200 stories underground after a violent mine shaft collapse. Government crews sprang into action and, miraculously, found them still alive more than two weeks after they were buried. But drilling a tunnel to rescue them took another 52 days. At times, this has the feel of a faith-based film, heavy on the uplift; at others, it feels like a slow and obvious movie of the week. The cast act ferociously, none with more scenery-chewing vigor than Binoche, as the sister of one of the buried miners. But after watching this movie, being trapped underground seems attractive.

Verdict Can you survive this slow-moving rescue tale?

MOVIES

Heist

Stars Robert De Niro, Jeffrey Dean Morgan, Dave Bautista, Kate Bosworth

Story In this plodding action caper, a desperate father (Morgan) needs money for medical treatment for his dying daughter. So he teams up with a hard-core buddy (Bautista) to rob a riverboat casino owned by the local tough guy, Pope (De Niro). But when their getaway driver takes off, the robbers hop a bus and hold the passengers, including a woman (Bosworth) in distress, hostage. So it's part *Ocean's 11*, part *Speed* and all wrong. There's shouting and cursing but no interesting dialogue, lots of shooting but no real excitement. De Niro rises above weak material, but the rest of the cast struggle to bring it to life. It's a losing battle in this derivative, plodding tale.

Verdict It will steal your valuable time.

Extras

5 MINUTES with

Christina Milian

SHE'S a singer, actor and fashion and wine entrepreneur with a hit reality show. Stunning single mom **Christina Milian**, 34, spoke to *Star* about her hit shows, *Turned Up* and *Grandfathered*, and her new EP, *Like Me*.

We saw you fire your mom as your manager. What happened?

We still work together in our wine company and my acting, but I'm just coming into myself with my music. I'm growing, and there are things you feel creatively drawn to and want to be able to show yourself.

How did you get the role on *Grandfathered*?

I was going to try out for something else, but the director was like, "You'd be perfect for this other role. She's a twentysomething single mother who's a hot mess." That morning, I rolled out of bed, I had yesterday's makeup on.... It was perfect!

Do you enjoy working with John Stamos?

He's laid-back and charming and easy to look at. He was really great with the kids...and we've really become a family already.

What's your favorite song on the new EP?

"Like Me" is a great radio record. It's a confident song to a guy saying, "He'll never find a girl like me." I think every girl wants to say that to a guy because we all have something special about us, and I think that's what makes the song special.

Any new videos from the EP?

I'll be dropping a music video with **Lil Wayne** called "Do It." It's about me and Wayne when we first started dating, so we shot it in Miami. It's sexy! ★

Christina with *Grandfathered* costars **Josh Peck** and **John Stamos**.

RACHEL McADAMS
Turns 37 on Nov. 17

SCORPIO OCT. 23–NOV. 21

You can gain clarity now about a love situation that has been clouded in confusion. Before you do or say anything, check your instincts; they will tell you everything you need to know.

SAGITTARIUS NOV. 22–DEC. 21

Family affairs become clear — with new information and insights enabling you to make a decision. Be wary of friends and money; things may not go as planned.

CAPRICORN DEC. 22–JAN. 19

At work, avoid a power struggle with a coworker. Be prepared to compromise, especially about money. For a strong love bond or to attract a relationship, build a friendship first.

AQUARIUS JAN. 20–FEB. 18

A discussion at work with someone you know and respect can lead to a bigger and better situation. And confusion and uncertainty with money will clear up too.

PISCES FEB. 19–MARCH 20

The mix of money and friends can be tricky; be mindful to double-check arrangements — and put everything in writing. Love is in the air, but it's up to you to make it happen.

ARIES MARCH 21–APRIL 19

It's time to get real and find out who supports you and who just takes up space in your life. Love and work can combine, so be prepared to juggle that.

TAURUS APRIL 20–MAY 20

Love and money are in focus now, and it's a positive time for an image overhaul. You can see a friend with fresh eyes now and see the reality of a situation.

GEMINI MAY 21–JUNE 20

A discussion with someone fascinating could very well lead to something more serious — while, for couples, this is chance to tell your honey how you feel. Confusion at work can clear up and be replaced with a plan of action.

CANCER JUNE 21–JULY 22

A situation at work can interfere with home affairs, but try not to force an issue before it is ready to resolve itself. When you let life take its course, it can work out to be better than before.

LEO JULY 23–AUG. 22

When it's about family, an event could bring everyone together in a harmonious and friendly way. A creative project may get the go-ahead at work, but be careful you don't inadvertently step on someone's toes.

VIRGO AUG. 23–SEPT. 22

Get imaginative and do something special for your sweetheart to put romance back in your life. Singles, look for someone with common interests, and on top of the love list is the ability to have an intelligent conversation. Finances are best kept transparent.

LIBRA SEPT. 23–OCT. 22

You have responsibilities, but this is a great time to get out to socialize and have fun. Family could cause some drama, and if it's about money, be sensitive and strategic to calm rather than inflame the situation.

HEALTHY Holiday Tips!

FOUR STEPS TO A HEALTHIER HOLIDAY!

- 1 EAT WELL ON THE ROAD** Airplane food and roadside restaurants don't scream "nutrition!" Pack your own meals to keep you energized and content while traveling.
- 2 BRING A REUSABLE WATER BOTTLE** Flying can leave you dehydrated, due to the lack of humidity in the cabin. Fight it by having a refillable water bottle.
- 3 PACK THE STAPLES** Aside from the obvious, there are a few travel staples that will serve you well. A **cozy scarf**, always ideal for airplanes, trains and automobiles; a **jump rope**, which is light and the only piece of equipment you need to stay toned during the entire trip; a **hand towel** and **face wash**, because there's nothing like washing your face at the airport to help feel refreshed.
- 4 WATCH WHEN YOU EAT** Instead of avoiding pumpkin pie and the extra serving of mashed potatoes, focus on the timing of your meals. Intermittent fasting is one of the best ways to burn fat efficiently without having to severely limit your portions. Simply eat during an eight-hour window (say, 11 a.m. to 7 p.m.) and fast during a 16-hour window (7 p.m. to 11 a.m.). This gives your body a chance to reboot and burn fat.

Most of us have a similar problem. We want to be a slimmer and healthier version of ourselves, but we're too tired to do anything about it.

I have the answer. And it doesn't involve crazy starvation diets, dangerous surgeries or pills with suspicious ingredients. It's safe, easy and flips the switch on your metabolism...turning it into a fat destroying machine!

How's that possible? With **1.M.R VORTEX™**, a unique, fast-acting energy powerhouse that comes in delicious flavors like fruit punch and arctic ice. It's super easy to use! Star BURNING Questions

What happened to Sharon Osbourne's face?

Sorry, did we startle you? Something looks drastically different about outspoken *The Talk* host **Sharon Osbourne's** face. While she's never shied away from bragging about her multiple plastic surgeries, the wife of rock icon **Ozzy Osbourne** recently swore off any additional face lifts, especially after recovering from cancer and a double mastectomy. "In a lot of shots my face looks plastic and at certain angles I was like, 'Oh, dear. Oh, I should never have done that. Oh, that's a bad one.' So I'm like, 'No more. No more abuse,'" she said. While she's clearly done something, if she's being true to her word the most likely culprit for her frozen face is too much Botox. Now, give us a smile, Sharon! ★

Is **Coldplay's** new song about **Chris** hooking up with **JLaw**?

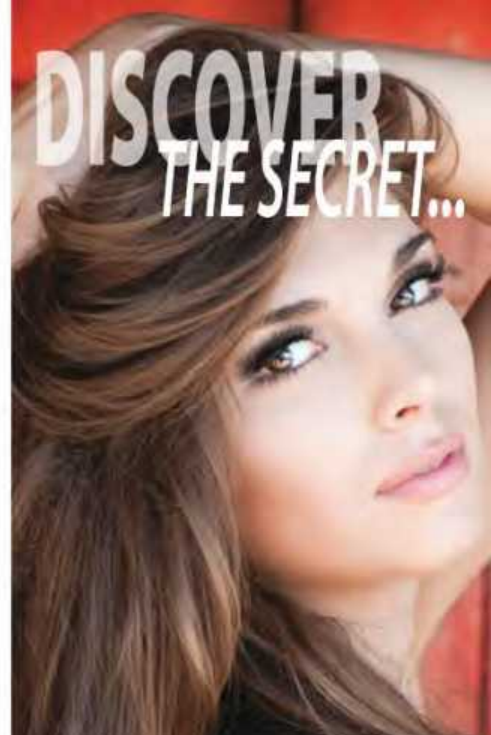

Superstar rock band Coldplay released their latest single, "Adventure of a Lifetime." And soon after it dropped, fans around the globe began speculating whether lead singer and song writer **Chris Martin's** new tune is actually about his steamy romance with Oscar winner **Jennifer Lawrence**. The two paired up following his rather cold conscious uncoupling with **Gwyneth Paltrow**, about whom he previously wrote numerous songs, including the hit "Fix You." In the latest, Chris sings: "I feel my heart beating/I feel my heart underneath my skin/I feel my heart beating/Oh, you make me feel like I'm alive again." So, is it about JLaw? Maybe! ★

In Living Color

Bhaktapur, Nepal, Nov. 6

You're supposed to paint the town red, not the soccer player! While shooting his new BBC One documentary, *For the Love of the Game*, **David Beckham** traveled to the earthquake-ravaged country to play in a UNICEF charity match in which local schoolchildren gave the father of four a run for his retirement fund. Afterward, the soccer superstar, 40, let his tiny teammates cover his entire face with powder in Nepal's national color and place garlands of marigolds around his neck.
